

# SEWARD COUNTY COMMUNITY COLLEGE

Seward County Community College offers a highly structured cosmetology program which is dedicated to educating and training students to take the Kansas Board of Cosmetology written theory and written practical exams required to become a licensed cosmetologist. Enrollees must be a graduate of an accredited high school or equivalent thereof, be 17 years of age, provide a government issued photo identification with current address and signed social security card. Students' government issued photo ID and social security card names must match exactly.

**Career Opportunities** Seward County Community College Cosmetology curriculum covers three areas of study:

- Hair – Learn the latest techniques of sculpting, hair design, texturing, color, and more.
- Nails – manicuring, pedicuring, acrylics, tips, wraps, and gels.
- Skin – facials, make-up, waxing, and skin care.

A licensed cosmetologist may choose to explore the following career opportunities:

**Degree Options** Cosmetology is a 1,500 clock-hour (11 month) program that combines classroom and clinical instruction to train students in technical cosmetology skills, professional services and business and job-related skills. A student may earn a vocational certificate of completion or an Associate of Applied Science degree with an additional nineteen (19) general education credits.

**Advising** The cosmetology department instructors will advise and help with your course of study for the completion of a certificate or degree program. Feel free to contact the Admissions Office and schedule a visit to tour the Seward County Community College campus.

**Facilities** Seward County Community College held opening ceremonies for the cosmetology school in July of 2001. The 6,000 square foot building is located at the northwest corner of the campus. The cosmetology school's salon clinic has a comfortable reception area along with a large display of professional retail products. The clinic area includes sixteen (16) stylist workstations, shampoo bowls, hair dryers and a dispensary. The students receive training with Guest Vision software used to keep appointments, check out clients, keep inventory and track student procedures.

A second clinic area includes six spa pedicure chairs with massage, and six manicure tables for all nail services. This area is also used as a second classroom. The school has a skin analysis machine and separate areas for waxing, facials and skin care. Students have access to the equipped student break room and locker area.

**Organizations** Pivot Point Member School, Professional Beauty Association, Ergometric, Matrix, and Redken.
